PLEASE NOTE:

Mormonscouting and BSA are two separate organizations. Mormonscouting ONLY provides these downloadable Scouting Guidebooks. It does NOT directly handle any BSA Scouting manuals or supplies.

The purpose of the mormonscouting website is: to provide A ONE-STOP AVAILABILITY SOURCE for both your complete BASIC Guidebook download materials, and, to provide a PURCHASING LINK enabling you to order ALL your BASIC need manuals and materials from BSA. This way you can receive all your needed materials within just a few days rather than weeks or months. No confusion about what you need. No long-term waiting.

Mormonscouting is here to help you become as effective as you can be, as soon as possible, for as long as possible, for the benefit of your Scouting program, but especially to demonstrate to your young men that entire Scouting program is a very exciting and life-changing, positive experience.
